

Java2: Lesson 11 – Interview

1. Add **summary** at the top, **documentation** at the bottom and **comments** where necessary.
- Recordings and interviews are an exception, but they should be included in your submission code.
2. **Cite** the source of your information.
3. Refrain from including anything **you don't fully understand**.

1 **100 points**

5-min challenge: you will get full credit after you reproduce your work during a class or interview.

-Use an **ArrayList** to manage students' programming certificates:

1. Create a "Student" class to store names and certificates.
2. Write a test code to input the information below and print out the names of the students who have a specific certificate.

Name	Certificate
Henry	Java
Ben	Python
Ava	C++
Jane	Java
Emma	Python

**Do not edit your recordings, as this is considered a form of cheating.*

Sample output

```
Certificate? Java
Student(s) with a Java Certificate
-----
***
***
```
