

Java2: Lesson 8 – Lab Project

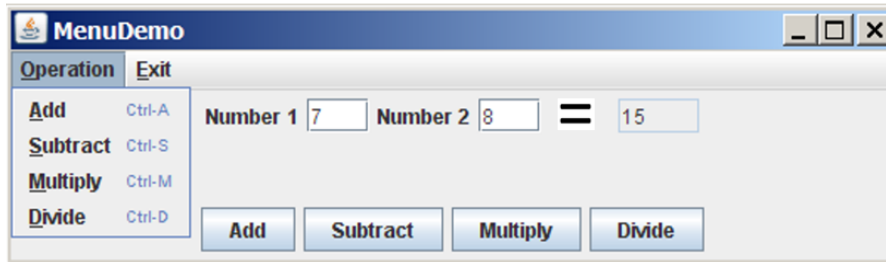

1. Add **summary** at the top, **documentation** at the bottom and **comments** where necessary.
- Recordings and interviews are an exception, but they should be included in your submission code.
2. **Cite** the source of your information.
3. Refrain from including anything **you don't fully understand**.

1 **90 points**

20-min challenge: you will get full credit after you reproduce your work during a class or interview.

Create a simple calculator below using **Scene Builder**.

- Utilize **Scene Builder** for window design similar to the example below.
- Submit **FXML** file (.fxml), **Controller** class (.java) and main **application** class (.java)

Note:

***Explain** the code you are writing.

*Perform **two consecutive recordings** for each task.

*Follow the **standard routine** for each interview.

1. **Share the entire screen** (<https://bit.ly/3INpkJV>)
2. Use only one screen to share (**Win + P > PC screen only**)
3. Display the running programs (**Alt + TAB**)
4. Get your IDE (**IntelliJ**) ready
5. **Presentation mode** (Ctrl + )

* **Editing** your recordings is considered **cheating** and will not be tolerated.

File(s) to submit	J208_1.java, *controller.java, *.fxml J208_1.png, YouTube link
-------------------	---

3 **110 points**

Modify each code and mark **/**** where you modified.

- This “how-to” assignment has no plagiarism issue as long as you submit your own work files.
- Submit only **one** .java file for each problem.
- Use copy & paste method.
- Submit screenshots of each window.
- Practice enough so that you can create any required component quickly and efficiently.

3-1. <https://liveexample.pearsoncmg.com/html/PathDemo.html>

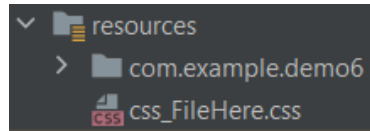

Alter the **shape** and **color** of the line.

proceed to the next page →

3-2. <https://liveexample.pearsoncmg.com/html/StyleSheetDemo.html>

<https://liveexample.pearsoncmg.com/html/mystyle.css> → submit as J208_32_m.txt
 Include an additional **circle** in a different **pane**, change the **color** and **size** of each circle, and arrange them **horizontally**.

*Put **.css** files in the **resources** folders.

3-3. <https://liveexample.pearsoncmg.com/html/TranslationDemo.html>

Modify the shape and location of the figures.

3-4. <https://liveexample.pearsoncmg.com/html/RotateDemo.html>

Increase the number of the figures.

3-5. <https://liveexample.pearsoncmg.com/html/ScaleDemo.html>

Move the graph to the right.

3-6. <https://liveexample.pearsoncmg.com/html/StrokeDemo.html>

Add additional shapes, lines with different colors and widths.

3-7. <https://liveexample.pearsoncmg.com/html/ContextMenuDemo.html>

Include the following menu items: 'Save', 'Save As', and 'Undo'

3-8. <https://liveexample.pearsoncmg.com/html/TableViewDemo.html>

Include a column for GMT (Greenwich Mean Time) to display time information for each nation.

3-9. Introduce a triangle tab to display a tringle, similar to the existing tabs.

Use **Scene Builder** → (submit J208_310.fxml and J208_310controller.java)

<https://liveexample.pearsoncmg.com/html/TabPaneDemo.html>

3-10. Use **Scene Builder** → (submit J208_310.fxml and J208_310controller.java)

<https://liveexample.pearsoncmg.com/html/AddNewRowDemo.html>

3-11. Use **Scene Builder** → (submit J208_311.fxml and J208_311controller.java)

<https://liveexample.pearsoncmg.com/html/SplitPaneDemo.html>

File(s) to submit	J208_31, 32, 33, ..., 310, 311.java J208_31, 32, 33, ..., 310, 311.png J208_31_m.txt J208_39, 310, 311.fxml J208_39, 310, 311controller.java
-------------------	--
