

Java II Lab5 GUI sample:

1.  A window titled "Button in a pane" containing a single "OK" button.
2.  A window titled "ShowCircleCentered" displaying a circle centered on the screen.
3.  A window titled "FontDemo" displaying the text "JavaFX" in a stylized font inside a circle.
4.  Two windows. "MyJavaFX" shows an "OK" button. "Second Stage" shows the text "New Stage".
5.  A window titled "ShowHBoxVBox" with a yellow background. It features a horizontal box with "Computer Science" and "Chemistry" buttons, an American flag image, and a vertical box listing courses: CSCI 1301, CSCI 1302, CSCI 2410, and CSCI 3720.
6.  A window titled "NodeStyleRotateDemo" showing a gray rectangle with red diagonal lines and a small blue square with a white "OK" button in the center.
7.  A window titled "ShowGridPane" with a form containing input fields for "First Name:", "MI:", and "Last Name:", and an "Add Name" button.
8.  A window titled "ShowText" displaying the text "Programming is fun" in a bold, italicized font, followed by "Programming is fun" and "Display text" in a smaller font, and "Programming is fun" and "Display text" in red.
9.  A window titled "ShowLine" displaying two intersecting green lines forming an 'X' shape.
10.  A window titled "ShowRectangle" showing three radio buttons labeled r1, r2, and r3, and a collection of overlapping rectangles in various colors and sizes.
11.  A window titled "ShowArc" displaying four different arc styles: "arc2: open" (a thin black arc), "arc1: round" (a thick red arc), "arc3: chord" (a thin black arc with a chord), and "arc4: chord" (a thick green arc with a chord).
12.  A window titled "ShowPolygon" displaying a regular hexagon.
13.  A window titled "DisplayClock" displaying a clock face with three hands (hour, minute, and second) and the time "12:29:48" at the bottom.
